# Superior Pool Cleaning made easy

## The Dolphin Difference

There is something about a Dolphin cleaner that lets you know it's different from other robotic cleaners.

### *It's a difference you can touch*

The moment you first open the box you'll notice the thickness of the shell, the quality of the brushes, and the user-friendly and intuitive design

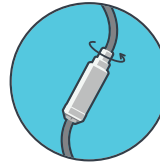

### *It's a difference that you can see*

As the Dolphin scrubs pool surfaces and vacuums away debris, it leaves a sparkling clean pool

### *And it's a difference you can feel*

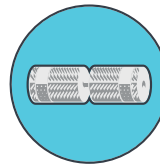

Every time you get in the pool, know that you have chosen an environmentally-friendly, cost-effective solution for clean, healthy water

## Swivel - Cable Tangle Prevention System

Dolphin's patented swivel cables eliminate tangled cables forever! As your Dolphin moves around the pool, the swivel ensures that the cable stays free and clear, allowing for complete pool coverage.

## Dynamic Dual-Motor

Dual drive motors and split brush technology for pinpoint turning and exceptional pool coverage.

## CleverClean™ Coverage

Advanced scanning software ensure floors and walls are fully covered using the most efficient route. The Dolphin automatically navigates around obstacles and quickly returns to its cleaning pattern.

## Ultra-Fine Filter Bag

Large capacity bag filtration ensures clog-free operation in any pool condition. Use the coarse bag at the start of season to clear rough debris; for regular use, catch fine debris with the ultra-fine filter bag.

## Weekly Timer

Pre-set cleaning cycles throughout the week with the push of a button! Your Dolphin can automatically clean every 24 hours, 48 hours, or 72 hours for 3 consecutive cycles.

## Multi-Function Power Supply

Eco-friendly power supply with cycle cleaning and mode selection, start delay, with simple touch-screen control.
