THE ICON REIMAGINED

Nearly 40 years ago, Polaris® created a visionary class of pool cleaner that would become the benchmark against which all others would be measured. The Polaris 9300 Sport redefines the very essence of Polaris in this inspired reimagination of the icon.

The 9300 Sport's innovative aquadynamic design seamlessly integrates bold styling, advanced engineering, and unmatched intelligence. It boasts a large capacity filter canister that holds more debris, reducing the frequency and hassle of cleaning. No bags. No mess. The Vortex Vacuum Technology enables unparalleled debris consumption through its revolutionary vacuum flow design, allowing it to pick up larger debris quickly and efficiently, while maintaining maximum suction throughout the cleaning cycle. And the powerful rear water propulsion system cleans up the mess in tight corners and step areas, making it a smarter, faster way to clean your pool than you ever dreamed possible. Imagine that.

Rear water propulsion system,
cleans tight corners.

All terrain aqua trac wheels for
enhanced traction. Climbs steps
and walls and scrubs tile line.

9300^{SPORT}

Simple debris removal with easy access filter canister.

Scrubbing brushes for deep cleaning of floor, walls and tile line.

UNDER THE HOOD

Top access quick release filter canister for simple debris removal.

UNRIVALED PERFORMANCE

Faster navigation and enhanced agility to clean pool floors and walls, and scrub tile line quickly and efficiently.

UNLEASH THE POWER

Captures more debris without losing suction with patented Vortex vacuum technology.

VORTEX VACUUM TECHNOLOGY

Efficiently collects and deposits debris for uncompromised filtration and vacuum power.

Captures maximum debris without losing suction.

USER-FRIENDLY FILTER CANISTER

Easy to clean filter, simply shake and spray. Never touch pool debris.

Large capacity filter canister requires fewer filter cleanings.

PREMIUM TRANSPORT CADDY

One touch, on demand cleaning cycles.

Convenient cord storage.

EFFICIENCY AND CONVENIENCE

Polaris 9300®/9300xi Debris Load Advantage

Vortex Vacuum Technology allows the Polaris 9300 Sport to capture over 4 times the debris load of other cleaners. Reduces filter cleanings by up to 70%, so it keeps working where other robotic cleaners can't.

Polaris 9300 Sport Robotic cleaners can reduce energy consumption nearly 90%.

Polaris®

9300xi SPORT

take CONTROL WITH THE POLARIS 9300xi SPORT

The Polaris 9300xi Sport takes Polaris robotic cleaners to the next level.

ENHANCEMENTS:

- » UNSURPASSED INTELLIGENCE. Choose from custom-programmed automated cleaning mode, or take control with the easy to use IntelliNav remote. You control when and where the cleaner goes for a perfectly clean pool.
- » CUSTOM PROGRAMMING. Custom tailor cleaning cycles to suit your needs.
- » AGGRESSIVE SCRUBBING. Solid, non-pleated blade for more aggressive cleaning.
- » CLEANS LARGER POOLS. 70' cord length accommodates pools up to 60' long.

Ultimate power with hand held IntelliNav remote drive.
