Buddy Light White or Color-RGB

- Twice the light as competitors
- Substantially Lower cost than competitors in this class of lights
- 80 or 150 ft Cord models available
- Perfect for Fiber optic Lighting replacement
- Short Base - Ideal for tight installation areas
- Interchangeable "Buddy" Bulbs – Color or White fit the same light body
- True Color Mixing- we mix colors within the LED not in the pool – creates uniform colors without typical color separations seen by other lights
- Buddy Light Color synchs with Savi Melody, Savi Note and Savi SOL giving you choices on your pool lighting designs. Even synchs with our replacement LED light bulb – Galaxy Plus
- **Buddy Light White – IS DIMMABLE** for fine tuning your lighting needs
