

**NATURAL
CHEMISTRY®**

*An invisible barrier that
conserves water and heat*

**COVER
free**

replaces solar cover

- Reduces evaporation by up to 85%
- Prevents heat loss by up to 70%

NET CONTENTS: 16 FL. OZ. (946 mL)

Save Water, Save Heat, Save Money.

*The most
efficient and
effective
water and heat
saving product
on the market.*

*Reduces
Evaporation by
up to 85%,
decreasing the
need to top up
your pool.*

*Prevents Heat
Loss by up to
70%, allowing
for a more
energy efficient
pool.*

pH neutral

**Quick
Reference:**

Rectangular
18' x 32' =
20,000 gallons

Round
28' =
20,000 gallons

20110710101

- **COVERfree's** advanced mono-layer technology offers users the ability to save water and money by decreasing evaporation.
- A mono-layer, one molecule thick, is formed on the water surface. Surface tension allows it to remain in place or reform during swimming.
- **COVERfree** reduces water evaporation by up to 85%. Saving money on many levels: Reduces make up water addition, reduces chemical additions and rebalancing water after additions.
- **COVERfree** reduces water heat loss by up to 70%. The heating of pool water can be a very expensive. Heat escapes water, therefore costing money. Keep the heat, reduce the costs.

Directions:

Shake well.

Recommended Dose: 4oz. per 20,000 gallons of pool water (667 sq. ft) per week.

Using the measuring guide (on the side of the bottle), squeeze recommended dose over surface of pool water.

***When using your weekly dealer
recommended pool chemical
program - include
Natural Chemistry's
Pool Perfect + PHOSfree
for unsurpassed water quality!***

**CAUTION: KEEP OUT OF REACH OF CHILDREN.
MAY IRRITATE EYES OR SKIN.**

**STORE BELOW 120°F
