

Only the Powerful ELITE can put you in control to Save Time and Money!

- Does all the work for you at the touch of a button; Scrubs, Power Washes, Vacuums, Filters and Circulates automatically
- Self-contained: NO hoses, filter connections, installation or booster pumps; just plug in
- Saves you time: Completely cleans any pool shape up to 50' long in as little as 2 hours!
- 3-Way Remote Control for spot cleaning
- Healthier and Safer Water; Filters finer and Circulates more powerfully than main pool filters
- Cleans floor, walls, waterline and most stairs
- Rotating Brushes and Power Washing Jets clean what and where other cleaners can't
- Saves you money on energy, chemicals, water and main pool filter media; Pays for itself

Cuts total maintenance bills by as much as 60% or more -Pays for itself!

Complete pool cleaning at the touch of a button!

Scrubs,
DeepClean™
power washes,
vacuums, filters
and circulates!

Traps everything inside with up to 14x's less emptying than other cleaners!

Cleans the waterline, walls, floor and even most stairs of any pool shape!

Wireless remote control - to clean what, where and when you want!

Power & Reliability with You in Control!

The American made Aquabot Elite RC does the work for you, allowing you to relax as it cleans and filters your entire pool, while saving you time and money. Proven to be the most energy efficient automatic cleaner technology available, Aquabot Elite RC can save you as much as 60% off your total pool maintenance bills.

Additionally, it can save you upwards of 10,000 gallons of water annually, cut your chemical use by up to 30%, reduce main filter cleanings and filter media replenishment by upwards of 80%, and protect our environment from the impact of chemically treated water! In short, it is the most powerful, effective and reliable remote controlled cleaner available.

Simply plug in and press a button – that's it! No hoses, installation, dedicated plumbing or working off your pool's filter system.

It features its own internal;

Pump Motor

DeepClean[™] power washes sand, silt, algae and pollen from within surface pores, corners and seams - where brushes and other cleaners can't reach.

Vacuums in everything from pollen to pine needles to palm leaves.

Circulates clean microfiltered water to mix cool chemically rich water below with warmer chemically depleted water above providing more accurate water tests for safer, healthier water and reduced chemical consumption, including decreasing evaporation and heat loss.

Drive Motor

Navigation sensors and rotating full-length front and rear brushes break down debris, scrub clean grime from walls, waterline and most stairs of any pool shape.

Durable reusable Filter

Traps debris and microfilters the water; Saving your pool's filter.

A float efficiently lifts and turns the robot periodically to traverse raised surface obstacles without getting stuck and clean any pool shape without wastefull lengthy time on walls just to turn.

Clean what, when and where you want with its wireless remote that provides touch button three directional control to spot clean before a party, clean pool areas that tend to accumulate debris and require extra attention or for the person that deserves the very best!

dirt that other
cleaners leave
behind.

Customizable Vacuum Port Sizes enables removal of largest debris.

TECHNICAL SPECIFICATIONS	
Pool Size / Type:	Up to 50' long / All Surface Types & Shapes
Cleaning Time (most pools):	2-3 Hours
Operating Cost:	Approximately 10¢ per Cleaning Cycle
Scrubbing Mechanism:	Two Foot-Long All-Surface SUPER Brushes + Patented DeepClean™ Power Washing Jets
Debris Intake Ports:	2 Offset for Clog-Free Operation (widths 1" x 5" up to 1.5" x 5" + 3 Varied Depths)
Filter Debris Holding Capacity:	34 Quarts Maximum Volume
Filtration Particle Size:	Down to 2 Microns
Filtration / Circulation Rate:	5,000 Gallons per Hour
Pump Motor:	Brushless, Independent Motor Box, Oil Cooled and Lubricated + Water Cooled
Drive Motor:	Independent Motor Box, Oil-free + Water-Cooled
Surface Obstacle Avoidance:	Patented NeverStuck™ Rollers
Cuidanaa Maahaniam	
Guidance Mechanism + Wireless Remote Control:	Directional Guidance Cable Float + 3 Directional Remote Guidance
+ Wireless Remote Control:	+ 3 Directional Remote Guidance Customizable Digital LED 1 - 7 Hours
+ Wireless Remote Control: Timer Auto Shut-Off:	+ 3 Directional Remote Guidance Customizable Digital LED 1 - 7 Hours + External Timer System Operable
+ Wireless Remote Control: Timer Auto Shut-Off: Power Supply:	+ 3 Directional Remote Guidance Customizable Digital LED 1 - 7 Hours + External Timer System Operable StayCoo/™ All Weather Resistant
+ Wireless Remote Control: Timer Auto Shut-Off: Power Supply: Operating Voltage / Wattage:	+ 3 Directional Remote Guidance Customizable Digital LED 1 - 7 Hours + External Timer System Operable StayCoo/™ All Weather Resistant 115 V / 60Hz, 24V at cleaner / 180W
+ Wireless Remote Control: Timer Auto Shut-Off: Power Supply: Operating Voltage / Wattage: Electrical Requirements:	+ 3 Directional Remote Guidance Customizable Digital LED 1 - 7 Hours + External Timer System Operable StayCoo/™ All Weather Resistant 115 V / 60Hz, 24V at cleaner / 180W 110 V / 60Hz (plug-in; no installation needed)
+ Wireless Remote Control: Timer Auto Shut-Off: Power Supply: Operating Voltage / Wattage: Electrical Requirements: Cable Length / Type:	+ 3 Directional Remote Guidance Customizable Digital LED 1 - 7 Hours + External Timer System Operable StayCoo/™ All Weather Resistant 115 V / 60Hz, 24V at cleaner / 180W 110 V / 60Hz (plug-in; no installation needed) 61' / Self-Floating; Kink-Free
