

GLOBRITE®

POOL AND SPA LED LIGHTS

Add brilliant multicolor LED lighting to showcase pool features.

BREATH-taking COLORED ILLUMINATION WITH
THE BEST AND BRIGHTEST TECHNOLOGY

When you install GloBrite® Pool and Spa Color LED Lighting in a poolscape, poolside evenings go from great to spectacular. GloBrite lights are the creative, cost-effective way to showcase and enhance pool features like baja shelves, steps, beach entries and other water features.

GloBrite lights utilize the industry's most advanced technology for bright, energy-efficient lighting—while using less energy than comparable pool and spa lights.

Don't settle for an ordinary poolscape experience...let GloBrite LED lighting illuminate your water features and make your evening swims and backyard entertainment more beautiful and exhilarating.

THE SIMPLICITY OF COMPATIBILITY

The GloBrite light is more than a stand-alone pool and spa LED light. It is fully compatible with our IntelliBrite® 5g Color-Changing LED Light line of LED pool lights. When used with an optional IntelliBrite Light Controller, pool and spa owners without an automation system can enjoy fast and easy control of their pool lighting.

For the ultimate in convenience and control, consider an IntelliTouch® or EasyTouch® Control System. You can program and control light shows from home or on the go with our many options, including an indoor control panel and wireless remote. For even greater control, add an optional ScreenLogic® Interface to your Pentair automation system and access your pool from practically anywhere and at any time using your smartphone, computer or mobile digital device and now with the Google Home® smart speaker, Amazon Echo® or Apple Watch® wrist-wearable device.
