25677-43X-000	53.63"	48-60 GPM	48"

A CMP remote, controller, and power supply (sold separately) must be purchased to operate Brilliant Wonders LED Waterfalls. One remote and controller can control up to a combined 20 feet\* of waterfalls.

\*150W Power Supply Controls up to 20ft of Combined LED Waterfalls  
 100W Power Supply Controls up to 12ft of Combined LED Waterfalls

ONLY USE FILTERED WATER. Failure to do so will result in a plugged up waterfall. Control must be within 90ft for remote to operate. Please keep this in mind when planning electrical run. Actual flow setting should be determined by the visual aesthetic the builder wishes to achieve. It is best to start with the CMP recommended flow and adjust as needed for each application.

Lighting water is extremely difficult. CMP has many examples of how our LED waterfalls look at night. However, each pool setting is very different. CMP offers accent lighting for backyard ambience and can make no guarantee as to how bright the water will appear in each individual pool.
