FAST... INTELLIGENT... SIMPLE CLEANING.

The Aquabot Breeze IQ is designed to clean Residential In-Ground Pools of all sizes and surfaces. Thanks to the patented Aqua Smart System, the Breeze IQ will automatically brush, vacuum and micro-filter dirt, debris and contaminants from the pool's floor walls and waterline in a synchronized fashion helping to keep the cable from tangling.

The IQ's Aqua Smart System is an intelligent program for that aids the cleaner to efficiently clean most standard residential swimming pool in approximately 1-2 Hours. The smart algorithm installed in the brain of the cleaner enables the robot to cover the pool bottom and walls in a systemized fashion, without wasting time. This system increases the cleaning efficiency of the unit.
