

Super Enviro-Clean™ Bio-Cleaner/Degreaser

Super Enviro-Clean™ is a heavy-duty degreaser specially formulated to handle tough industrial cleaning jobs. It removes grease and carbon deposits on machinery, road and mining equipment, engines, conveyors, presses and other industrial equipment. It's a powerful grout cleaner for patios and pool areas.

Super Enviro-Clean™ can also be used to clean floors and exhaust hoods. It is an excellent low/no VOC alternative to hazardous, industry standard, solvents used in dip tanks and ultrasonic equipment used for degreasing and general purpose cleaning.

Super Enviro-Clean™ has excellent environmental and employee safety characteristics:

- Bio-based containing a minimum of 40% carbon from bio-renewable sources.
- Short term biodegradable
- Concentrate is low VOC and non-HAP
- Diluted solutions are low VOC (<10%)
- Non-toxic and non-carcinogenic

Benefits

- Emulsifies oils, greases, polymers, tars and related contaminants
- Not corrosive to aluminum and other metals
- Effectively removes oil, grease, gums, polymers and other soils from most washable substrates
- Used as a concentrate or diluted with water
- Can be used and applied by common manual methods and via pressure sprayers and auto scrubbers
- Leaves a light film to protect surfaces, making future clean up easier
- Economical to use
- High flash point
- Cleaning rags/towels/mops used with **Super Enviro-Clean™** will not undergo spontaneous combustion

Properties

Specific Gravity	0.983	Solubility in Water	Totally mixable
Boiling Point	>204°C (>400°F)	Reportable VOC	10% (concentrate)
Flash Point	>126°C (>259°F)		

Directions: **Super Enviro-Clean™** can be used in concentrated form for extremely tough jobs like grease removal. It can be diluted in water for medium and light duty cleaning. Maximum dilution recommended is 1:20 (5% solution).

Super Enviro-Clean™ works by penetrating the grease and soil and breaking their bonds to the surface and lifting the soil from the surface. After application allow **Super Enviro-Clean™** enough time on the surface to penetrate the grease and soil. Thoroughly rinse with water after cleaning is completed.
