

ELITE SERIES

The SABER® Elite Series features three full-sized cart grills, two built-in grills and a built-in dual-control burner. The Series is centered around an all-stainless steel construction that will withstand any outdoor environment. The Elite Series features high-style design accents of bright annealed 304 stainless steel with mirror-polished edges and includes LED lighting over each control knob. The Elite Series cart grills include a 304 stainless steel LP tank tray and a condiment basket. All Elite grills are equipped with a marine-grade cover, rotisserie motor kit and rod.

Firebox and internal components constructed entirely with weather resistant 304 stainless steel

LED lights above the knobs and internal halogen lights for nighttime grilling

Includes stainless steel rotisserie kit, rod and marine grade grill cover
