1/4" Black Reflective Fire Glass

If staring at the night sky spurs your imagination, causing you to ponder over the depth and beauty of the star-studded skyscape above you, imagine re-creating that same scene in your customers' personal space. With our 1/4" black reflective fire glass, its possible!

Exquisitely elegant, our 1/4" black reflective fire glass hints at impeccable taste and this is the impression it will create in the minds of all visitors when your customers use it in their fire feature. The glass adds just the right touch of stylish drama and magic to any décor, especially when used in more modern and glamorous themes. When the fire feature is ignited, all onlookers will be treated to an enchanting display as the the bright yellow flames glitter in every reflective glass face, accented by the darker edges of the polished fire glass.

A Practical Alternative to Ceramic Logs & Stones

Our 1/4" black reflective fire glass is not just gorgeous to behold, but also very practical. It does a great job of covering the entire floor of a fire feature, effectively hiding the unseemly pipes and tubes that are sometimes visible in gas fireplaces and fire pits. This makes fire glass a more desirable alternative to the more commonly seen ceramic logs and fire stones.

Extremely Durable, Safe & Long Lasting!

American Fireglass carries the best quality fire glass for your customers' fire pit or fireplace. Our reflective fire glass is tempered in order to withstand temperatures of up to 1300 degrees Fahrenheit and harsh weather without losing its color or shape.

Furthermore, fire glass is extremely low maintenance because it does not emit any harmful chemicals, smoke, ash, or soot, so your customers will spend less time scrubbing and more time

enjoying the brilliant new addition to their décor.

If your customers are planning a formal affair, our 1/4" black reflective fire glass is the perfect finishing touch!
