

The BP is an under-the-cap masonry wall light available in a 10 Watt xenon or halogen bi-pin lamp and frosted glass lens for a soft and even illumination. The stainless steel undermount flange is easily fitted between the block wall and the top capstone for a neat, clean installation. With its sleek design and color variations, it can seamlessly blend into the wall and provide a pleasing ambiance and safe illumination.

BP: Wall Light

Illuminate Wall and Path

The BP can illuminate a path for safe pedestrian passage, while it highlights the intricate details of stacked stone walls or stamped concrete pathways.

BP: Wall Light
