

CHEMSTAR® CLEAR OFF-LINE CHLORINATOR

Sanitization made easy

FEATURES

Freestanding model – ideal for retrofitting existing pools for automatic sanitization

Installs easily on the pressure side of the pump, downstream of the filter and heater

Clear pipe shows the amount of chlorine/bromine in the unit without removing the lid

Transparent molded UV- and chemical-resistant body

Standard with 2-inch slip PVC fittings and adapters for 1½ inch

Completely enclosed system – no escaping gases, so no special venting is required

50 PSI maximum operating pressure

External fine control valve adjusts the feed rate to meet specific pool or spa needs

Top-load large or small Trichlor or Bromine slow-dissolving tablets for an effective, trouble-free way to sanitize pool or spa

6 per case
