Introducing the Pool Blaster CX-1 Robotic Pool Cleaner

A new robotic pool cleaner that is completely **cordless** and **rechargeable**.

The **NEW** Pool Blaster CX-1 Robotic Pool Cleaner is the most innovative cordless and rechargeable robotic pool cleaner in the industry. With its advanced technology for automated robotic pool cleaners, the Pool Blaster CX-1 is the perfect choice for residential pools of all sizes, shapes, and surfaces.

Water Tech, the industry innovator in handheld, cordless, battery powered pool and spa vacuums has created a robotic pool cleaner that is cordless, fully rechargeable, and requires no power cord attached to the unit.

✔ Cleans The Entire Week On A Single Charge

The Pool Blaster CX-1 Cordless Robotic Pool Cleaner has been designed with two selectable modes to choose from:

- **Continuous Run**

(runs 4 hours straight for heavy duty cleaning)

- **Scheduled Mode**

(runs up to an hour a day for the entire week to always keep your pool clean)

✔ Cleans All Pool Surfaces

The Pool Blaster CX-1 Robotic Pool Cleaner effortlessly scrubs all pool surfaces from the bottom of your pool to climbing up the walls and scrubbing the waterline with ease. You can choose to clean only the floor, or floor and walls with the push of a button. Great for inground, above-ground, and soft sided pools.

✔ Beauty and Brains Combined

Did you know the Pool Blaster CX-1 can drive itself into your pool when you turn it on? The easy to use control panel consists of two buttons, giving you the choice of floor only or floor and wall cleaning and one day or one week cleaning on a single charge.

Simply drop it into your pool. You do not have to worry about cables or snags.

✔ Hook For Unit Retrieval Included

Your Pool Blaster CX-1 comes with its own unique hook for removal from your pool. It attaches to any standard pool pole.

✔ Other Great Features

- Covers entire pool in only 1 hour
- Built-in Air and Tilt sensors
- Cleans floors, walls, & most steps
- Hand-crafted, using the highest quality components
- Removes all debris: algae, sand, leaves etc.
- Totally independent: No installation, no hoses no booster pumps, no suction lines
- Tangle free - no cables

Imagine after a weekend of swimming, you drop the cleaner in your pool on Sunday - watch it clean all week and then remove it on Saturday... You have just experienced the Pool Blaster CX-1 cleaning your pool with very little effort on your part.
