

ClearWater Tech MICROZONE SERIES CORONA DISCHARGE OZONE SYSTEMS

Microzone CD325

Microzone CD550

Microzone Series Corona Discharge (CD)

ClearWater Tech's Microzone Series utilizes corona discharge technology to provide superior ozone performance in a compact size. The CD325 and CD550 ozone generators deliver tremendous value with minimal complexity and cost.

The Microzone Series are wall-mounted, making them easy to install, maintain, and operate in a wide range of environments.

FEATURES

- Compact
- Main power indicator
- No air preparation required
- Low power consumption
- Optional: on board interlock relay
- Air-cooled
- Serviceable

APPLICATIONS

- Residential spas
- Ornamental water features
- Small aquariums
- Fresh water holding tanks
- Machine coolant
- Well water treatment

BENEFITS:

- Eliminates odors
- Powerful, safe oxidation and disinfection
- Reduces or eliminates chemical use
- Produced on-site (no storage, mixing or handling of chemicals)
- Protects the environment - ozone reduces waste water pollutants
