

Clear  
Comfort

# CCW50 Spa System

For the Best, Easiest & Most Enjoyable  
Spa Experience

- Chlorine-free or less chlorine than drinking water
- Kind to skin, eyes & hair
- Simple & sustainable

Clear Comfort™ delivers a superior spa experience with simple, proven hydroxyl-based advanced oxidation (AOP).

## COMPLETE WATER CARE

### Primary & Residual Sanitation

Our patented, proven advanced oxidation process creates hydroxyl radicals to provide powerful, immediate & lasting sanitation.

### Compare Clear Comfort

Clear Comfort outperforms UV, ozone, salt chlorinators & other legacy systems.

### Easy, Clear & Clean Water

Our innovative advanced oxidation process delivers effective, chlorine-free or low-chlorine sanitation with minimal system maintenance.

### No More Spa Odor

Clear Comfort reduces harmful odor-causing disinfection byproducts that are associated with skin, eye and lung irritation.
