

# Melody

by  SOUNDCAST®

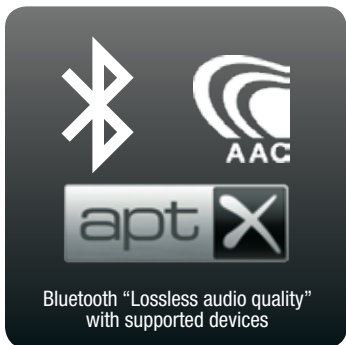

## The Take Anywhere, Everywhere Wireless Speaker

- All-weather design – rain or shine, play music anywhere
- Powerful 360° high-quality 8-speaker sound system
- Control the music from your portable device or directly from Melody's keypad
- Advanced Bluetooth® 3.0 interference-free, wireless operation
- High-capacity rechargeable battery for hours of play

**What other bluetooth speakers want to be when they grow up.**

We have combined the latest Bluetooth v3.0 technology with Soundcast's world-renowned portable music systems. The result is Melody, a portable all-weather Bluetooth® speaker that others can only aspire to be. Featuring the latest in Bluetooth connectivity and an auxiliary audio input combined with unmatched sound quality, Melody will become your modern day personal sound machine. Melody's small size makes it easier than ever to take your music anywhere and everywhere you want to be.

Don't let Melody's petite size or elegant looks fool you, it has the power to rock any beach, house, backyard or indoor/outdoor gathering you care to host. Melody benefits from it's bigger siblings' heritage of splash-proof protection and UV resistant plastics resulting in a design that's a lot more than just a pretty face. Its compact size also makes it at home on your desk or counter top.

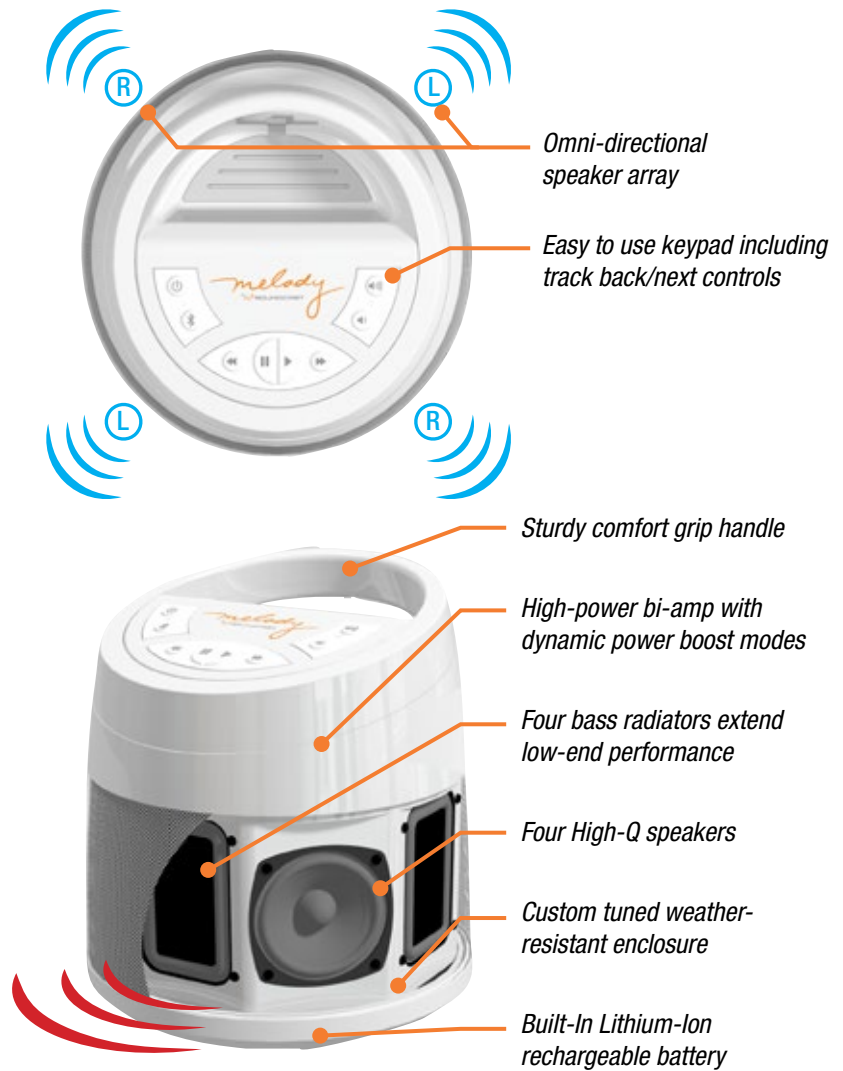

Melody pairs up nicely with all of your favorite Bluetooth enabled smartphones and portable devices. Stream music from the cloud, your personal music collection or use a wide variety of Apps including Pandora®, Spotify™, Rhapsody®, TuneIn® and hundreds of others. Control your music directly from Melody's keypad and leave your phone in your pocket or bag.

Make anybody the DJ with Melody—the take anywhere, everywhere wireless speaker that is ready for any occasion.

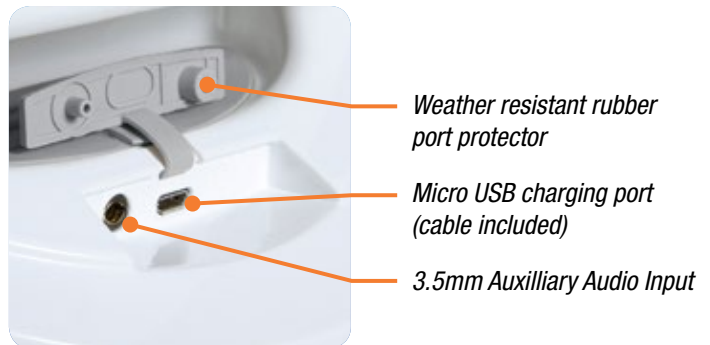

# Features

- Robust weather resistant enclosure designed to operate indoors and outdoors, in cold and heat, in moderate snow and rain
- Built-in high-capacity lithium-ion battery pack provides up to 20 hours of playtime on a single charge
- Highly portable design. Built in sturdy carrying handle makes it quick and easy to take anywhere and enjoy hours of uninterrupted play time
- Convenient volume and remote functions including; Play, Pause, Track Next, Back commands using keypad on Melody without having to access your Smartphone or mobile device
- Controls music Apps such as Rhapsody®, Pandora®, iTunes® and more
- Rapid Battery Charging circuit supports flexible USB charging from many sources (A/C, Car, Boat, RV, Computer, etc)
- 12-volt automotive adapter and USB charging cable included
- AUX input allows for use with any audio source
- AAC / aptX Lossless Quality codecs for superior Bluetooth audio performance with compatible devices
- Bluetooth standard up to 33ft broadcast range depending on location/environment

<sup>1</sup> Depending upon volume level and source material  
<sup>2</sup> AVRCP v1.4 support required

Melody is one of the first products of its type to support both aptX and AAC lossless quality codecs. This means that if you use a compatible device, you will experience superior audio fidelity and quality over most other A2DP only compatible products. Capable Apple IOS devices use AAC for high quality Bluetooth playback while most other brands/devices utilize aptX for high-quality Bluetooth.

# Specifications

<b>DRIVERS:</b>	Four full-range Hi-Q 3" drivers + four highly tuned bass radiators operating in a stereo 360° array using IMPP cones and rubber surrounds.	<b>BLUETOOTH:</b>	Bluetooth v3.0 with (A2DP v1.2/AVRCP v1.4 profiles, aptX and AAC lossless codec support).
