INSTALLATION KIT INCLUDED

The BES-55 Series is our newest Baptismal Equipment System. It is a vertically mounted circulation style baptistry heater system. Simple, compact design for easy installation and it's a great replacement for all existing vertical circulation style systems. Hydro-Quip has been producing reliable Spa & Baptismal Systems for over 30 years and we understand the importance of safety and reliability. That's why we take pride in manufacturing an efficient and quality system that churches can depend on. We have various configurations to choose from for all of your Baptismal needs.

From the ease of installation, to the efficiency of our products and exclusive troubleshooting features, your customers will be glad you made the "Smart Choice" in choosing equipment produced by Hydro-Quip, the industry's oldest and most trusted manufacturer.
