

CONTROL YOUR POOL WITH
JUST ONE TOUCH

AFFORDABLE. EASY.

Wireless control system

This wireless control system is affordable and easy to install with a plug and play design. The Pool Touch is available in either the 5 channel with remote control and optional Wi-Fi or the 9 channel Wi-Fi control which also has built in valve actuator control for 3 motorised valves.

WIRELESS COMMUNICATION.

Unique PAL Wi-Fi module

The unique PAL Wi-Fi module wirelessly communicates with your device via the PAL Lighting App which allows the user to link into their home network and control their pool equipment anywhere in the world using the 3/4G cellular network.

The PAL Lighting App has a built-in timer control on each channel with 3 timer options – schedule, countdown and cycle to establish a desired time sequence.

POOL TOUCH WIRELESS CONTROL SYSTEM

Effortless.
Controlled by
the touch of your
fingertips.

PAL Lighting also has an extensive range of lighting products.

PAL Colour Touch Pool Lights controlled by the touch of your fingertips for fibreglass, concrete and vinyl swimming pools.

PAL Garden Light available in colour touch and also single colour, warm white and cool white for landscape applications.

PAL LED Optics Waterblade strip light with colour touch technology to illuminate water features.

PAL LED Optics Perimeter strip with colour touch technology to provide perimeter and feature pool lighting.

Control your pool equipment anywhere in the world using the 3/4G cellular network.
