## Replaces:

## Multi-action product:

- 1) Removes phosphates, metals and clarifies
- 2) Easy application... fast cleanup!
- 3) Ideal for well water
- 4) Excellent for severe algae cleanup
- 5) Significantly reduces scale

Revive!® is a multi-action product that solves most common pool problems. Revive! removes phosphates (algae food), metals including copper and iron, scaling carbonates, organic debris and other contaminants that cause cloudy water.

Revive!® START UP/CLEAN UP is formulated for use on new pool startups, replaster/remodel/refills, spring openings, abandoned pools, severe algae cleanups and for ongoing maintenance use Revive!® WEEKLY.

Revive! is compatible with all pool chemicals, sanitizers and finishes. Plus, it will not cloud the water or stain pool decks.

Revive! does the work of several products – phosphate remover, metal treatment,

flocculant and clarifier and scale inhibitor.

- Ideal for well water
- Perfect for all pools at startup
- Excellent for severe algae cleanups
- Naturally restores water quality within hours of application
- Removes orthophosphates up to 2000 ppb
- Removes copper and iron up to 2.0 ppm
- Captures scaling carbonates
- Clears water of organic debris

### Revive! is an ideal treatment for:

- Preventing scale on salt system equipment
- Protecting new pool surfaces from stains
- Reducing plaster dust on new pools and remodels
