Oval pool with
invisible supports

Magnus

durability never looked so good!

Injection-molded resin and super-sturdy steel are the key to this pool's incredible endurance. Magnus' high-impact resin is extremely resilient and 100% non-corrosive, so it will not chip or discolor. In addition, steel provides unparalleled strength and durability. With this advanced technology, Magnus is sure to stand the test of time...and to keep looking great!

structure

7-inch injected resin top ledge

Ledge cover made from Synpro™ resin

- Rounded corners and a design that hides screws
- Never chips or discolors

upright

- 5-inch fully supportive steel upright

resin bottom rail

corrugation

- A rippled finish lets the wall resist both water pressure and external shocks

wall joint

- Computer-designed wall joint ensures better resistance to water pressure
- Wall reinforced with steel bars
- Oversized bolts augment stability

lok™ system

- Pre-grooved parts to make screw installation easy
- Screws lock in place to maintain structural integrity

ellipse wall

Wall height 54"

It is protected by a resin-based paint called Resin Shield, which provides an extra layer of resistance against corrosion.

yard extender system

Our oval pools come with the Y.E.S., a series of practically invisible lateral supports that you place in the ground. It is a must for anyone who wants to make the most of their yard and their pool!

Your above ground pool is designed for years of pleasurable, safe family fun, but it also involves water safety. When used incorrectly, your swimming pool can be dangerous. To insure your above ground pool is used safely you must observe the safety precautions that are provided to you when you purchase your pool.

The dimensions, weights, illustrations and other specifications may not be exact as shown and are approximate. The company reserves the right to modify and/or discontinue without notification any feature in any pool model.
