PowerWOW BathPump

When more power is required to move a larger volume of water through more jets, the Power WOW is the industry leading workhorse for the job.

The big brother to the WOW pump doesn't require additional space or cooling. The Power WOW is UL and CSA approved adding to the sense of security already imparted by it's strong name.

More power, reliability and the same compact design, backed by the service and reputation of Spa and Bath Pentair Water, make the Power WOW the choice for moving more water in whirlpool baths with more features.

60Hz PERFORMANCE CURVE North America Model

Plumbing configuration effects pump performance. Engineering consultation is available to find the best pump for all your bath needs.
