Prepared by: _____ Indoor Outdoor

Introducing Raypak's new commercial 3-Phase electric pool and spa heating solution for larger commercial applications.

- Flow Protection; prevents units from dry-firing
- Low-temp operating mode prevents damage from sharp drop in water temp
- Load detection prevents unwanted heating when no call-for-heat
- Quiet operation from solid-state relays
- Operates at 50% capacity to prevent downtime and reduce energy costs
- Heavy-duty relays for longer lifespan
- Robust/reliable controller with easy-to-use interface
- Durable design that stands up to the elements of weather and climate
- Easy to use from installation to servicing, including better diagnostics
- 80-character LED display for more operational and diagnostic data
- Instantaneous status to determine faulty codes
- Strong against the saltiest conditions

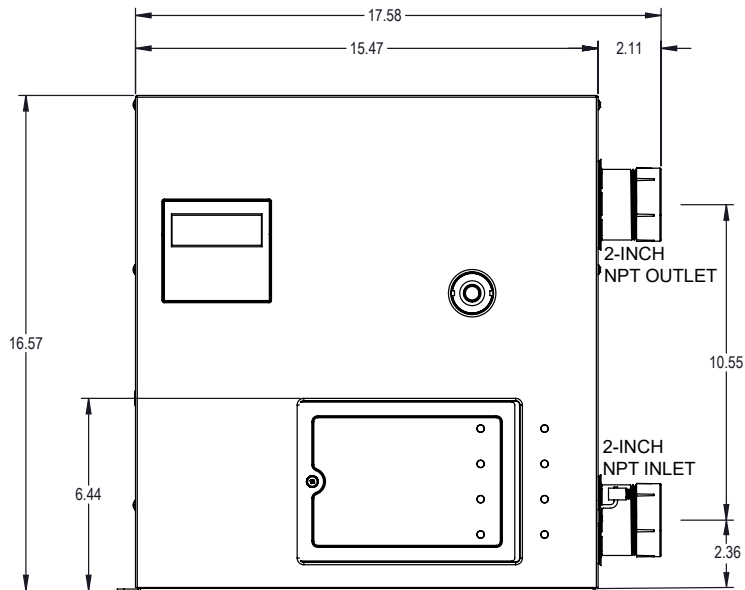

Tested to UL Standard 1261

Features Include:

- 208/480V, 50/60Hz, 3Ph
- NEMA 3R-compliant enclosure for outdoor installation
- Titanium heating elements
- Inlet/outlet pipe unions
- 2-Wire remote control access (remote not included)

NOTE: See installation manual for water chemistry details
