Mangalore Mosaic	Unibead	Heavy	52 IN & 54 IN	28	25 Year
Pebble Cove	Unibead	Heavy	48 IN & 52 IN	28	25 Year

POOL LINER TYPES

- **Overlap Liners** – This liner style folds over the pool wall and is clipped into place with coping strips.
- **Beaded Liners** – Also called a snap bead or standard bead liner, this style of liner is designed with a thick bead/bump of vinyl at the top edge of the liner. This fits into a track called a bead receiver that is added around the top of the pool wall.
- **Unibead Liners** – Also known as the universal bead liner, this style can be used as either a J-hook or a beaded liner.

KEY FEATURES & BENEFITS

- **Premium-quality vinyl** is treated with UV protection to resist fading from the sun and harsh chemicals.
- **Innovative welding technology** delivers smooth, durable seams for the ultimate protection against seam failure.
- **Exclusive and contemporary designs** will complement any above-ground pool to create the perfect backyard and outdoor living area.
