Something Curved, Something New, Something Brilliant, Something "2"

How do you take the most popular lighted waterfall for pools and make it even better? Sometimes you just have to throw a curve. Introducing the industry's first cut-able, service-able, LED light-able waterfall.

1. CUSTOM CUTTABLE LED WATERFALL

For the first time an LED Waterfall that can be factory cut or custom cut in the field that also remains completely serviceable after installation. Available in lengths up to 8 feet long for custom curves up to a minimum 3 foot radius.

2. "SAWTOOTH" WATER TEXTURE

The exclusive sawtooth embedded lip textures the flow of the waterfall. This enhances the LED light and color effects, creating unique smooth ribbons of water and light in the waterfall flume. This is the only lighted waterfall with a flume actually designed to enhance lighting effects.

3. SLIMLINE PROFILE WITH BESPOKE DOOR COVERS

This brand new design is 30% thinner for a minimal profile, with a clear face for a seamless installation. The innovative sliding service doors can be customized in the field with plaster, grout or stone. Optional LED access door covers in five colors are also included. Every job becomes a perfect, custom installation that every customer will appreciate.

4. COMPLETELY SERVICEABLE LIGHTING AFTER INSTALLATION

Even on a custom cut the internal LED strip is accessible through the built-in frontside access doors. The attached service cable and quick-disconnect mean accessing and installing the LED light is a breeze.
