Pool Lights

IntelliBrite®
Architectural Series
Spa Lights

Lights that pick up where the sun leaves off.

Elevate your nighttime pool experience with a true innovator in pool lighting: The IntelliBrite Architectural Series Lights. The precise LED optic coverage gives such evenly projected light, it's like having a brand-new pool experience.

Improved optics enhances color mixing, provides a cleaner white light and reduces glare.

Tempered glass convex lens allows a wider angle of light distribution.

Stainless steel face ring adds a sleek finish and helps prevent cracking and corrosion.

OUR MOST BRILLIANT LIGHTING INNOVATION YET.

IntelliBrite Architectural Series Lights deliver a more dazzling and dynamic LED pool lighting experience using an improved proprietary design.

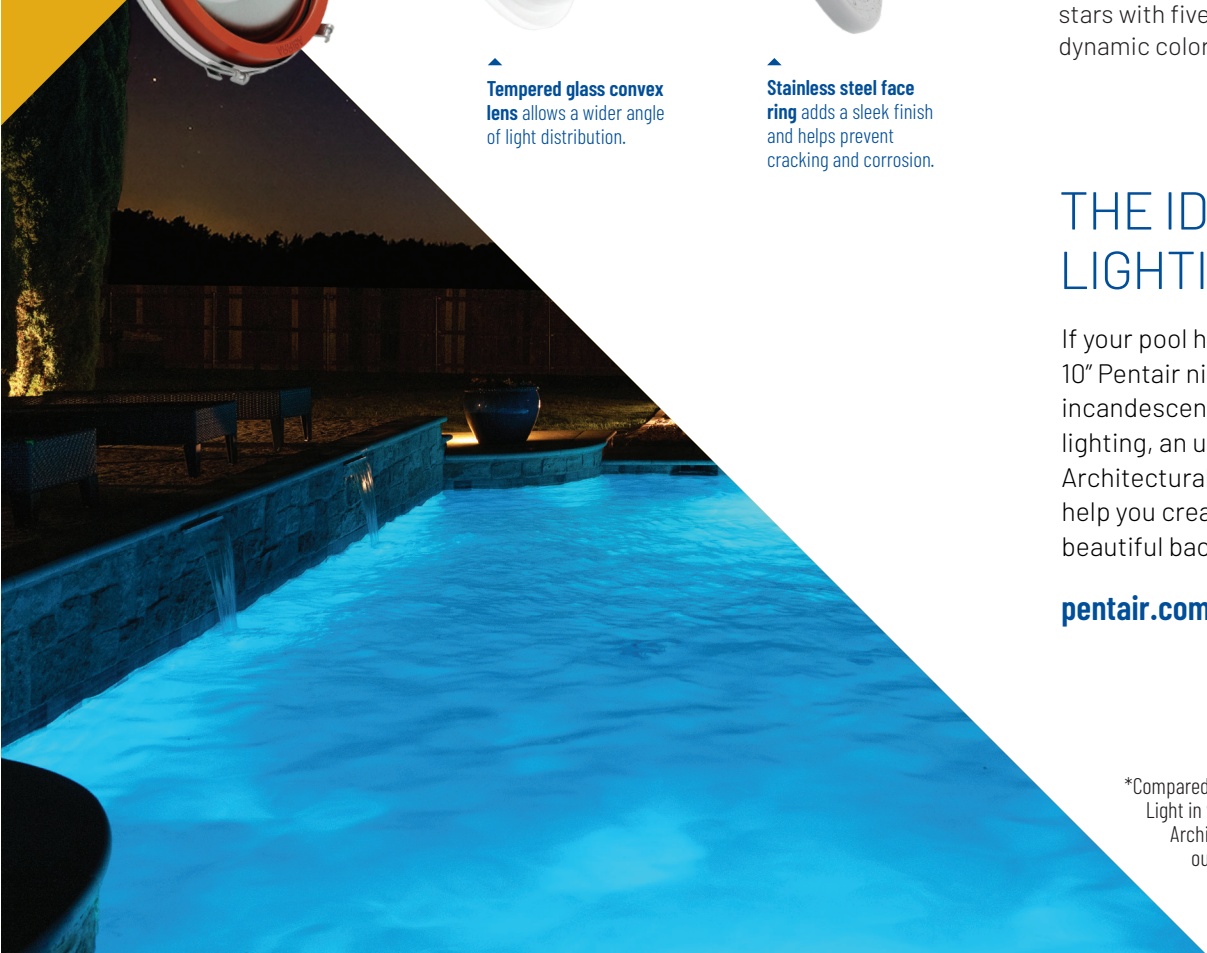

- ◀ **Greater enjoyment. Greater energy efficiency.**
Enjoy a smart, sustainable solution that's now **60%** brighter and **50%** more energy efficient.*
- ◀ **Bring out your pool's full beauty.**
Transform pool nights with a softer, broader, more evenly distributed lighting experience that minimizes dark areas, hot spots, glare and stripes.
- ◀ **Shine brighter. In every color mode.**
Lift the aesthetic, mood and presentation of your pool to the stars with five brilliant colors and seven dynamic color changing light shows.

THE IDEAL LIGHTING UPGRADE.

If your pool has existing 6" or 10" Pentair niches containing incandescent or first-generation LED lighting, an upgrade to IntelliBrite Architectural Series Lights can help you create a more brilliant and beautiful backyard oasis.

pentair.com/intellibrite

*Compared to Pentair IntelliBrite 5G Color LED Pool Light in white color mode only. The IntelliBrite Architectural Series delivers higher lumen output depending on color mode, ranging from 28%-141% brighter, while energy efficiency improvements range from 17-58% based on color mode.

A picture's worth a thousand "wows."

Let your imagination bask in the glow of these before and afters.

DARK AREA

DARK AREA

YOUR POOL BEFORE:

Older lighting that's unevenly lit with dark areas.

YOUR POOL AFTER:

Now 60% brighter and 50% more energy efficient*, IntelliBrite Architectural Series evenly lights up pools for a more exhilarating nighttime pool experience.

INTELLIBRITE®

ARCHITECTURAL SERIES LIGHTS

Instant ambiance.
At your fingertips.

**An eye-popping aesthetic is just
a few taps away.**

With a Pentair automation system, if available, or a Color Sync™ Controller for Pentair Color LED Lights — you have a fast, user-friendly way to paint the night with the captivating brilliance and beauty of IntelliBrite Architectural Series Lights.

Such vibrant versatility! ▶

With five brilliant colors and seven dynamic color-changing light shows, the Color Sync Controller makes you the automated artist of your pool.

Appearance of color and white LED light may vary between various models of lights. Appearance and perception of pool lighting may vary depending on a number of factors including, but not limited to, the particular model of light, the location/depth/angle of the light's installation, pool finish/material, pool depth/shape/geometry, ambient light sources, subjective factors and more. For best results when using multiple lights, use all the same model and do not mix multiple models of lights within a single installation.
