

PHILEO VP

Connected peristaltic pH chemical feeder

AUTOMATED CHEMICAL REGULATION

The Phileo VP automatically regulates pH levels in the water by setting an ideal pH level and injecting the chemical accordingly, guaranteeing efficient and effective water treatment.

CONNECTED AND INTUITIVE

Regulate your pH from a simple, and easy to use application, setting alerts schedule chemical dispensing, receive alerts directly to your phone, and let the Phileo do the rest.

Compatible with Vigipool

QUICK VISUALIZATION

The dosing pump lights up in various colors to alert you of your water quality. With a quick glance, you can see your pool's water chemistry without having to test, giving you more time in the pool.

RELIABLE AND SIMPLE

The Phileo VP is paired with a compact measuring chamber to make chemical measurement more reliable and simplify the installation of your device.

EASY TO INSTALL

The Phileo VP is the easiest pH regulator system to install on the market. Plug the Phileo VP into any protected 120V outlet. From there, the flow rate sensor captures the filtration status and gives you a more reliable indication. For an even easier setup, it's possible to add a measurement chamber, which houses all the accessories necessary to treat your pool water in a single location, including a sensor, chemical injector, and flow monitor.

SENSOR CONNEXION

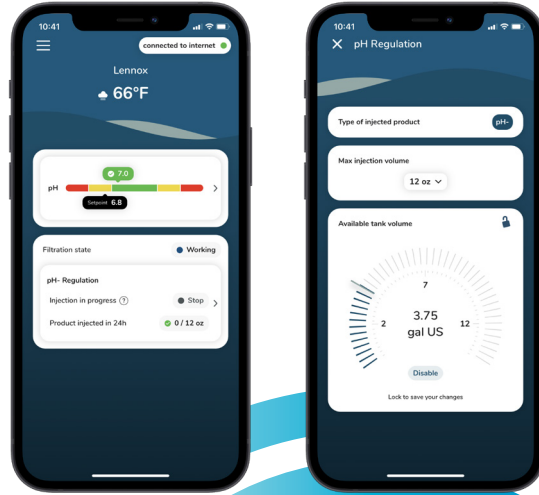

MEASUREMENT CHAMBER

COMPLETE AND INTUITIVE SETTINGS

The settings for pH regulation can be done in mere minutes, thanks to a single button or the intuitive smartphone app, allowing for additional settings and functions.

AVAILABLE SETUP	APP.	DEVICE
Mode selection (pH+ or pH-)		✓
Choice of setpoint value (6.8 à 7.6)	✓	✓
Calibration of the pH 7.0 sensor	✓	✓
Calibration of the 2-points sensor	✓	
Manual adjustment of the measurement (+/- 3.0)	✓	
Overdose alert setup	✓	
Tank volume setup	✓	

PEACE OF MIND WITH A QUICK GLANCE

The peristaltic dosing Phileo VP is equipped with a color changing, LED light, which changes according to the water chemistry of your pool. This patented process, also used in the Zelia electrolyzer, provides you with the water chemistry feedback you need, from across your pool deck, and immediately tells when your pool needs to be rebalanced.

WAY OFF MEASUREMENT (<1)

PHILEO VP IS SUPPLIED WITH:

INJECTION KIT

PH SENSOR

FLOW SWITCH

To make your installation even easier, it's possible to add a Zelia Pod measurement chamber which requires just one hole, drilled in the piping.
