

**FX | LUMINAIRE®**  
**PF-10, PF-15, PF-20**

**PEZZOFORTE® | FX LUMINAIRE®**

**COMPACT STYLING,  
 UNPARALLELED OUTPUT**

This scaled down version of the classic DelMare delivers high-impact in a small package. We are positive that this intricately designed luminaire is sure to be unforgettable. FX signifies quality, but the PF signifies style.

The most successful gardens are a harmonious blend of organic materials. The FX copper line is the perfect match to wood, masonry, and plant materials since the natural patina process allows each fixture to melt into its background.

Compare our pathlites with any other and you will see whose quality of materials, precision of fit and consistency of finishing stands out above the rest.

The copper will patina naturally over time and can be accelerated with solution spray – for patina formula visit our website at: [www.FXL.com/learning/patina.htm](http://www.FXL.com/learning/patina.htm)

**SIMPLE PERFECTION**

*When thinking outdoor lighting- you should think permanence. Candles are nice and inexpensive, but only landscape lighting can provide safety. Precision placed lighting can reinforce the feeling of intimacy and warmth. The ways to create a wonderful outdoor space are infinite. You no longer have to use a flood light to overpower the space with light.*

**PERIMETER  
 LIGHTING**
