Wireless and Wired Remote Controls

AUTOMATION CONTROLS

Taking pool controls as far as they can go, right into the water.

AUTOMATION

Total System: Pumps | Filters | Heating | Cleaners | Sanitization | Automation | Lighting | Safety

Aqua Pod™

The handheld controller that does everything and goes everywhere — even into the water.

Hayward® offers a line of the industry's best automation products, to suit any backyard environment. Automation takes the work out of pool and spa ownership by automating all work-intensive functions, as well as backyard features such as landscape and pool lighting, water features, and more. For the ultimate in convenience, we offer a full line of remote control options for use indoors, outdoors and, with Aqua Pod, right in the water.

AQUA POD

Totally programmable, fully rechargeable and not just water resistant but completely waterproof, Aqua Pod takes pool and spa control farther than it's ever gone before — right into the water. It's backlit for nighttime use and engineered to float horizontally! Turn up the heat, turn on the lights, bring on the water features. Take total control of your backyard without having to leave your float.

Wireless Tabletop

Full function and programmable, with easy-to-read scrolling display of all pool, spa and backyard features. It's compact, lightweight and rechargeable and will work up to 500 feet away from your automation system. Available in black and white.

Wireless 6-Function Remote

Floating, waterproof remote operates pool and spa. Simple on/off commands for all functions. Can be used with other remotes.

Wired Spa-Side

Basic on/off control of all features. Offered in two models: 8 or 6 functions. Attractive, durable and easy to mount. Available in black and white.

Wireless and Wired Wall Mount

Low-profile design suitable for all indoor or protected outdoor applications. Mounts directly on wall or standard electrical box. When wireless, it operates up to 500 feet away from your automation system. Connects using four-conductor phone cable. Full function and programmable, with easy-to-read scrolling display of all pool, spa and backyard functions. Available in black and white.
