

Forge Loop®

For commercial and household jobs requiring the ultimate flexibility, the Forge Loop delivers like no other. Our exclusive design provides amazing flow, and each hose is designed to be surprisingly light in your hand.

- o Colors can be custom-made
- o Superior kink-resistant design
- o Ultraviolet-resistant base

PERFORMANCE

Temp Range CP, TM:
-40° to +140° F

Size I.D. (Inches)	Weight Per Foot (lbs)	Center Line Bend Radius (Inches)	Neg. Pressure* (Recm'd Hg)
1.25	.15	2.1	16"
1.5	.18	3.9	12.5"
2	.30	3.5	7.0"

Based on Straight Lengths of hose at 70°F

Mark-II®

For quick, even coverage of blown insulation, look no further than the Mark-II. Specially designed to improve your equipment efficiency, the Mark-II provides clog-free and crush-proof service in any kind of environment.

- o Abrasion-resistant outer shell
- o Superior kink-resistant design
- o Ultraviolet-resistant base

PERFORMANCE

Temp Range CP, TM:
-40° to +140° F

Size I.D. (Inches)	Weight Per Foot (lbs)	Center Line Bend Radius (Inches)	Working Pressure (PSI)	Burst Pressure (PSI)
2	.24	3.50	14.00	41"
2.5	.37	4.00	13.50	40"
3	.45	5.00	12.00	39"
3.5	.55	5.75	11.00	38"
4	.62	6.25	10.00	38"

Based on Straight Lengths of hose at 70°F
