

Evenings Can be the Best Time to Enjoy Your Pool & Spa

Add value and beauty to your backyard by extending your use into the evenings with JandyWhite lights.

Nighttime is often the best time to enjoy your pool and spa. After a hectic day of modern life, relaxation is desired and an evening floating under the stars is the perfect prescription. Light your way to a warm body of water, safely entering your pool to float effortlessly under the evening sky. Discover the real benefits of an evening of spa therapy, melting the stress away, massaging sore muscles and aching joints. Tip your head back and become reacquainted with the peace and quiet of your backyard at night, under a celestial canopy, from the warm inviting glow of your pool or spa.

CAST A BEAM FAR AND WIDE

Covering even the largest pools JandyWhite lights cast a bright beam, far and wide with their unique lens design. Illuminate the entry into your pool or spa and highlight the tile and decking of your beautiful backyard oasis.

BRIGHT, INCANDESCENT BULB

JandyWhite lights provide all the illumination your pool and spa will ever need with incandescent bulbs in 100, 300 and 500 Watts. The long lasting bulbs are available in 12 volt and 120 volt models.

A FITTING FINISH

JandyWhite lights are available with optional face rings to complement virtually any pool finish, from classic stainless steel to colored plastic. Optional snap-on lenses create colorful expressions of azure seas or verdant green lagoons.

JANDY'S ProNiche, THE PERFECT PARTNER

Engineered to be the perfect fit for Jandy lights, Jandy ProNiches are available for any construction material, gunite, vinyl or fiberglass. Installation is simple and ownership is worry free.

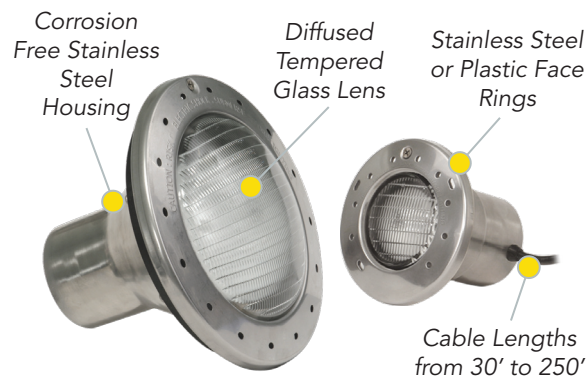

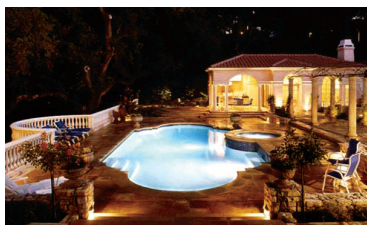

Brighten the Evening for Entertaining & Safety

JandyWhite Pool & Spa Lights bring a reassuring glow to any evening with vibrant, incandescent pool and spa lighting. A complete range of configurations assure the ideal lighting solution for your unique design. Brighten your backyard and highlight a spectacular evening of backyard entertaining with JandyWhite incandescent pool and spa lights.

ILLUMINATE WITH STYLE

Pool and spa lights add a spectacular dimensional element to your backyard, casting a beam through the fluid surface, shimmering on your landscape and architecture. Configured with up to 500 watts of illumination, JandyWhite lights have the power to brighten even the largest pools, creating a safe and inviting environment for an evening swim. Spa lighting receives the same attention, providing just the right mood lighting for your evening relaxation and spa therapy. All Jandy lights are available with attractive stainless steel or plastic face rings that will perfectly complement your pool and spa finish. Optional colored lenses can be added for spontaneous creative expression with a simple snap.

EASY TO INSTALL AND MADE TO LAST

Engineered into every light is Jandy's famous attention to performance, reliability and technology. Our lighting solutions are engineered to outshine the competition with lower installation costs, multiple installation options and easy maintenance. The stainless steel housing is corrosion free, the glass lens is tempered, all fittings, clamps and seals are designed to perform for years.

A PERFECT FIT

All Jandy lights are designed to merge perfectly with Jandy ProNiche stainless steel and plastic niches. Available in models for any type of pool or spa construction, gunite, vinyl or fiberglass, the Jandy ProNiche has the same thoughtful design as Jandy lights. This assures seamless installation, perfect integration and trouble-free ownership.
