FROM KING TECHNOLOGY

IMPROVE THE LOOK AND FEEL OF YOUR POOL WITH FROG® MINERAL POOL CARE!

WHAT ARE THE BENEFITS OF FROG® MINERAL POOL CARE?

REDUCES RED EYES

SPARKLING CLEAR WATER

REDUCES FADED SWIMSUITS

SOFT SKIN

FROG® is a brand of pool care products using minerals that destroy bacteria and keep pH from fluctuating. With minerals working hard to keep your pool clean, up to 50%* less chlorine is needed so your pool feels softer and looks crystal clear. And forget about red eyes, dry itchy skin or faded swimsuits.

*Compared to the minimum EPA recommended chlorine level of 1.0ppm for a stabilized swimming pool.

How Does FROG® WORK?

Your service company will use two FROG® products on your pool. One is INSTANT FROG® that dispenses low levels of minerals into the pool on an as-need-basis for up to 6 months. INSTANT FROG® offers the bacteria fighting and pH support for the pool.

The other product is FROG BAM®, a unique 90-day algae preventative that protects your pool against black, yellow or green algae. Together they represent the best water care technology on the market today!
