

AquaStop® Pipe Sleeves (1" / 1.5" / 2" / 2.5" / 3")

The most common cause of leaks in a pool is the surface materials not bonding with the pipes. Our AquaStop® pipe sleeves provide a longer surface area for increased bonding with the pool finish. This creates a barrier around the pipe to prevent water from leaking.

FEATURES

- Prevents leaks
- Helps avoid costly repairs
- Available in five sizes
- Manufactured from engineered PVC material
- White only
- 250 per case
