CLEANING AT THE TOUCH OF A BUTTON.

The Aquabot Classic is designed to clean residential In-Ground Pools of all sizes and surfaces. The Classic uses AquaLogic to intelligently clean the pool floor, walls and waterline of your pool.

The Classic is equipped with an independent drive and pump motor that runs separately from your main pool filter, as well as dual rotating scrubbing brushes that scrub the pool floor, wall and waterline.

Additionally, the Classic comes standard with the largest capacity fine filter bag on the market which can capture debris as small as 2 microns. It all adds up to Fewer Chemicals and a Healthier Clean.
