PUTTING LIGHTS WHERE YOU NEED TO ...
NOT WHERE YOU HAVE TO.

A Small but powerful lighting system, Savi Melody is designed to create even illumination and colorful lighting effects throughout your pool and spa. Fitting into standard pool fittings as shallow as 4" below water level makes them ideal for *swimouts, beach entries, sun shelves* and other shallow water applications.

The Savi Melody can be wired to any 12 VAC transformer, wire transformer to any controller, wall switch, etc. No separate controller needed. Use multiple melodies for even illumination, you're only limited by the size of your transformer. No control box is needed and you can wire direct to a 12 VAC low voltage circuit. Just toggle power switch off/on to change color modes.

Add an X-Stream LED Lighted water feature or accent lighting to enhance your lighting design. Savi Melody and Savi X-Stream LED products make the perfect synchronized combination. LED Lighted water features, pavers, celestial floor kits, lighted bubblers and landscape lighting - the Total Lighting Package™ from Nexus Pool & Spa.

TRUE COLOR™ Mix Technology

Colors mix in the lamp not in the pool so the light is always pure, bright and vibrant.

ETL LISTED

The Savi Melody meets or exceeds nationally recognized electrical product safety standards for **nicheless pool lighting**.
